

Privacy Policy for *Cropifix*

Effective Date: 16 December 2024

Cropifix ('we,' 'our,' or 'us') is committed to protecting your privacy. This Privacy Policy explains how we handle information when you use our app.

Information We Collect

Cropifix operates entirely offline. We do not collect, store, or share any personal or sensitive information. However, third-party services integrated into the app, such as Google AdMob, may collect limited information for advertising purposes. Please refer to the 'Google AdMob' section for details.

Google AdMob

Cropifix uses Google AdMob to display advertisements. We strive to serve only non-personalized ads by default. AdMob may process limited information, such as general device details (e.g., type and operating system version) and approximate location (based on IP address), to deliver and measure ads.

For more information on Google's data practices, please refer to Google's Privacy Policy: <https://policies.google.com/privacy>.

You can learn more about AdMob's data practices here: <https://support.google.com/admob/answer/6128543>.

Data Security

Since Cropifix does not collect or store any data, there is no risk of your information being misused by us. However, third-party services such as Google AdMob handle data for advertisements. Please review their privacy practices for details on how this data is processed.

Your Choices

Ads in Cropifix are served by Google AdMob. You can manage your preferences for how ads are personalized through your Google Account settings (<https://adssettings.google.com/>) or your device's privacy settings.

Children's Privacy

Cropifix is not targeted at children under 13.

Changes to This Privacy Policy

We may update this Privacy Policy from time to time. Any changes will be posted within the app, and the 'Effective Date' will be updated. You are encouraged to review this Privacy Policy periodically.
